APLICACIÓN DE LA LEY DE COSTAS

This map illustrates the coastal and inland areas of a region, showing various land use categories and specific zones. The map includes the following labels and features:

- Coastal Features:** Punta del Pozo, Punta de Zamora, Punta Izquierdo, Punta y Roque de Siván, Las Puntas, Playa del Río, La Lata, and La Catedral.
- Land Use and Zoning:**
 - Green Areas:** Large areas of green represent agricultural or natural land, including a prominent green block in the lower-left and several smaller green patches.
 - Blue Areas:** A large blue area is labeled **S.G.O.C-3**, and a red area is labeled **S.G.I.V-2**.
 - Yellow and Orange Areas:** These areas are scattered along the coast and inland, often adjacent to green and blue zones.
 - Red Diagonal Lines:** Two red lines with diagonal patterns divide the green areas into sections labeled **S.G.I.V-4** and **S.G.I.V-3**.
 - Blue Hatched Area:** A blue hatched area is located in the center-right, partially overlapping the **S.G.I.V-3** zone.
- Reserve:** The area labeled **RESERVA NATURAL ESPECIAL DE TABITAJE** is located in the lower-right, characterized by a dense pattern of contour lines.
- Other Labels:** Embocadero de Punta Grande and La Lata are also marked on the map.
